## ABOUT ARTIVAL

**ARTIVAL RE:CONNECT** is a multilingual cultural festival taking place across the Nordic region in 2023 between March and June 2023. It brings artists, cultural workers and organizations together in a sustainable manner to co-create and reflect on issues of inclusion and belonging through art, exhibitions, performances, talks, workshops and recitals.

We are living in fractured times, in which people feel increasingly disconnected, not only from those immediately around them – friends, family and neighbours - but also from their fellow citizens, especially those they deem different to themselves.

This crisis of loneliness is harming us at an individual level: loneliness is as damaging to our health as smoking 15 cigarettes a day. It is also threatening our societies: the link between loneliness, disconnection and political extremism is all too real.

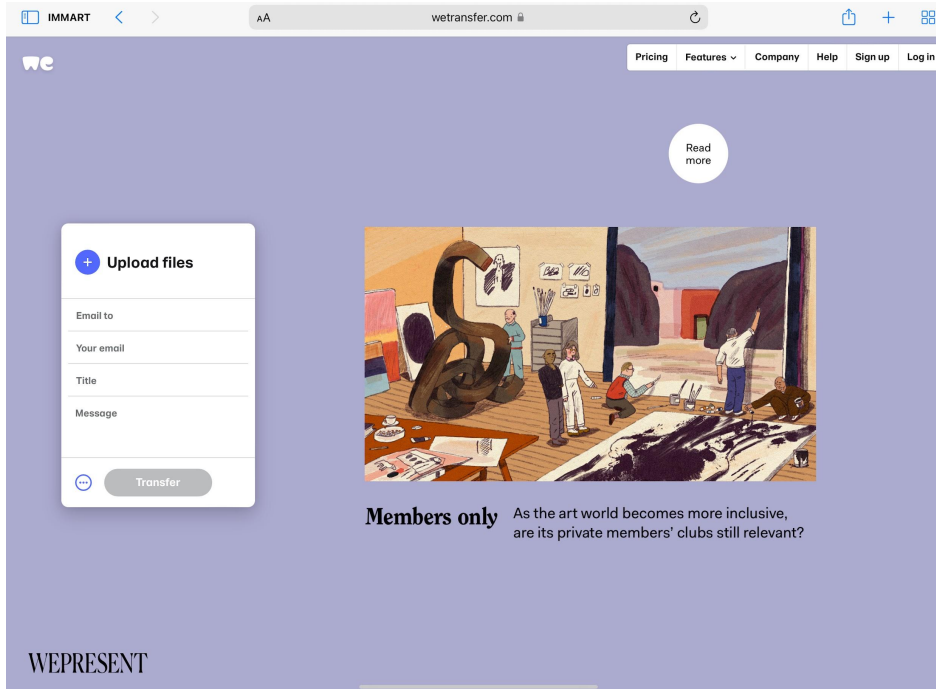

Inspired by Noreena' Hertz's bestselling book *The Lonely Century: A Call to Reconnect*, **ARTIVAL RE:CONNECT** is a unique cultural festival taking place across the Nordic region this spring and summer that deploys poetry, music, theatre, visual art, performance and dance, with the dual goal of shedding light on these important themes and playing a part in the solution.

By using art to expose attendees to difference - different people, different approaches, different perspectives - and by providing them with new ways to connect and reconnect (with themselves, their local community and the wider world) **ARTIVAL RE:CONNECT** will not only inspire, it will actively help its audiences to come together, co-create and unite.
